NOTE FOR: Director of Personnel

SUBJECT: Human Resources Task Force Report

Ted:

Several weeks ago we briefed the Acting DCI on the report of the Human Resources Task Force. Appendix C of the Task Force Report contains a number of employee-generated initiatives. If I recall correctly, the ADCI suggested that we proceed to implement a few of these initiatives--not wait until the benefits/compensation initiative is completed.

At our next one-on-one session, I would like to learn which of these initiatives you are considering trying to implement.
